10AK [One of a Kind] Pneumatic Swivel Chair | OAK-3650

MATERIALS

- Base: 5-star injection-molded polypropylene
- Mechanism: Die-cast aluminum finished with black paint
- Lever: Anodized Steel
  Standard Casters: Black nylon dual-wheel hooded casters

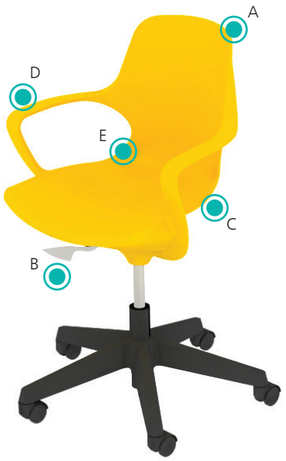
SHELL

- Construction: Single piece of injection-molded polypropylene
- Available Colors:

Black | Yellow | Red | Taupe

DIMENSIONS

- Seat Height: 16.1”-19.7”h
- 5-point Base: 25.2” diameter
- Seat: 22.8”w x 17.7”d



FEATURES

(A) Durable textured seat surface prevents scratches and smooth glossy back is easy to clean.

(B) Lever-operated seat adjustment mechanism from 16.1”-19.7” high.

(C) Sleek cantilever design flexes and allows for natural movement to rock and recline comfortably.

(D) Continuous sweeping armrests provide a contemporary aesthetic.

(E) Specify polypropylene seat and back for optimal durability. Choose padded seat and/or back for added comfort.

MiEN www.miencompany.com | A3+ [Any Time, Any Place, Anywhere Plus] Student Chair | AAP-3880

MATERIALS

- Base: Swivel trolley base composed of molded grey polypropylene
- Swivel Mechanism: Die-cast aluminum painted with powder-coated paint
- Standard Casters: Black nylon dual-wheel hooded casters

SHELL

- Molded polypropylene shell body with perforated back:

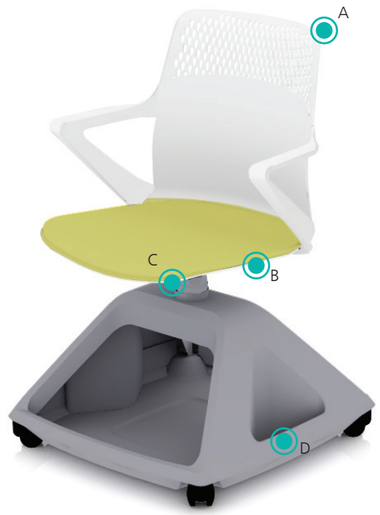
Charcoal | White

- Standard polypropylene Seat: (Padded seat also available)

Mango | Olive | Charcoal | White

DIMENSIONS

- Seat Height: 18.3"h
- Base: 24"d x 24"w
- Seat: 17.3"d x 22.8"w overall
- Tablet: 13.8"d x 22.4" w



FEATURES

(A) Breathable perforated seat back.

(B) Colorful polypropylene seat provides comfort and durability; upholstered seat options also available in 18 colors.

(C) Swiveling seat allows easy access and promotes movement and collaboration.

(D) Spacious mobile trolley base provides more storage and integrated side pockets for easy access to smaller items, while allowing students to keep their belongings nearby as they move to work in groups.

(E) Large universal tablet arm rotates around seat to user's right or left hand side within seconds.

F4A [Free-For-All] Square Table

MATERIALS

- Work surface: Particleboard core, HPL surface with PVC edgeband
- Base and Column: Steel finished with silver powder-coated paint
- Leveling Glides: Plastic

WORK SURFACE

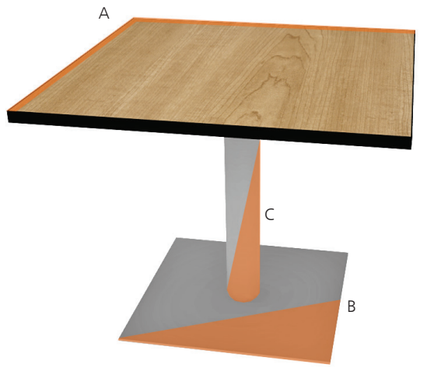
- Wilsonart or Pionite high-pressure laminate (HPL)
- Standard PVC edgeband colors:

09 05 02 12 08

04 06 01 11 10

SPECIFICATIONS

- **Model No: FAS -** 3 6 0 0
- 24" Square Top: 4" round column; 18" square base
- 30" & 36" Square Tops: 4" round column; 23.75" round base
- 42" Square Top: 6" round column; 23.75" square base
- Table Height: 29" high



FEATURES

(A) Round column is paired with a square base to coordinate with the square work surface.

(B) Base includes adjustable leveling glides to provide balance on uneven floors.

(C) Standard table height is 29" high, although special heights may be available to accommodate a variety of age groups.

MUST [Multi-Use Student Table] Sit-2-Stand Student Table and Lectern

MATERIALS

- Work surface: Particleboard core, Melamine surface, PVC edgeband
- Base: Steel finished with silver Powder-coated paint
- Outer Column: Aluminum finished with silver powder-coated paint
- Inner Column: Anodized Aluminum
- Glides: Black plastic
- Casters: Black nylon

WORK SURFACE

Standard Finishes:

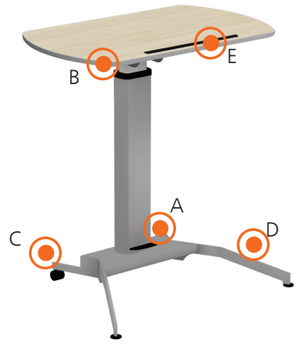
White Maple Melamine

Grey PVC Edgeband

*Additional finishes available, up-charge will apply

SPECIFICATIONS

- **Model No: MUS -** 2 6 1 9
- Desktop Size: 25.6"w x 15.75"d
- Base Span: 25.6"w x 17.2"D
- Adjustable height: 28.25"-42.5"h via gas-lift mechanism



FEATURES

(A) Sit-2-Stand mechanism adjusts from 28.25" - 42.5" high via gas-lift operated by conveniently located foot pedal.

(B) Unique top mechanism allows top to tilt for use as a lectern or fold down for compact stowing capabilities. Mechanism is operated by hand lever beneath desktop and locks into 5 positions within a 90-degree range.

(C) 1-inch casters on the back of the base allow table to be wheelbarrowed making it easy around a classroom or slide together with other tables for storage when not in use.

(D) Base style is offers a sleek aesthetic while also allowing tables to be nested together in a straight line.

(E) Black plastic ledge keeps pens, papers, and other items put when the top is tilted for use as a lectern.

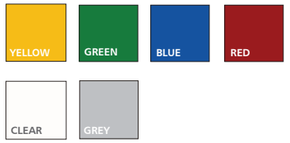
KIO [Keep It Organized] Mobile Bin Storage Cabinet

MATERIALS

- Cabinet Body: Particleboard core, HPL with 1mm PVC edgeband
- Cabinet Back: Steel finished with white powder coated paint
- Casters: Thermoplastic Elastomer, Two-toned Grey, 2 casters with Brake
- Colored Bins: High Impact Polystyrene (HIPS)
- Clear Bins: Clear ABS Plastic

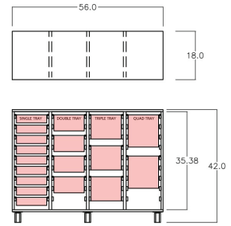
STORAGE BINS

- Four sizes available: Single, Double, Triple, and Quad.
- Available colors:



DIMENSIONS

- **Model No: KIO -** 2 9 4 0
- Overall Size: 56"w x 18"d x 42"h



FEATURES

(A) Sleek laminate cabinet body is durable and available in a range of color options. PVC edge-banding prevents sharp corners, ideal for educational environments.

(B) Six 4-inch casters allow cabinet to be moved freely around the space for cleaning purposes or to rearrange furniture and use as a space divider.

(C) White metal back is durable and doubles as a writable surface when placed in the center of a space making it perfect for collaborative spaces.

(D) Four sizes of bins are available in a variety of colored plastic. Opt for clear bins to easily see the contents of each bin. Organizational inserts and bin lids are also available. Each cabinet houses a maximum of 36 single-height bins.

(E) Innovative track design allows bins to be pulled out to access contents without fully removing the bin. This feature also catches a bin to prevent it from being dropped while removing.

OPTIONS

Single Bin
3" high, ideal for student's personal items

Double Bin
6" high, perfect for classroom supplies

Triple Bin
9" high, organize your makerspace

Quad Bin
12" high, organize your makerspace

FYI

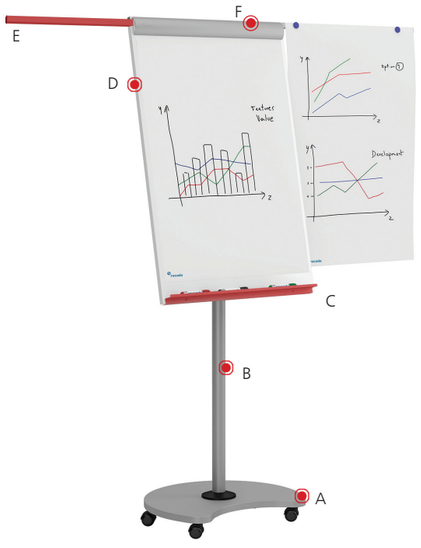
[For Your Information]
Mobile Marker board | Model No: ROC-1020

MATERIALS

- Frame: Tubular steel finished in silver powder-coated paint.
- Base: 1-inch thick grey Melamine
- Marker board Surface: Steel finished with white powder-coated paint.
- Locking Casters: Nylon, Black

SIZE

- Marker board Surface:
  24.7"w x 48.1"h
- Base:
  23.75" diameter
- Magnetic Arm Extension:
  Each arm: 24"L
- Adjustable Height Range:
  Vertical Position: 60.9" - 84.5"h
  Horizontal Position: 42" - 54"h



FEATURES

A. Sleek Melamine base provides a visually clean appearance. Five locking casters provide mobility necessary for dynamic environments.

B. Center post is height adjustable via knob allowing the user to easily adjust the height allowing students of various ages to utilize the marker board. Height adjustment feature is also ideal for ADA.

C. Functional steel ledge holds markers and erasers when not in use.

D. Marker board surface is composed of durable powder-coated steel. Surface is also magnetic for users to easily post items to the board.

E. Magnetic extension arms stow behind marker board when not in use. Easily connect within moments to add more space to post papers.

F. Beneath the metal cover are clips to attach a flip chart paper pad making the FYI more than just a mobile marker board. Sleek metal cover conceals clips when not in use.

*NOTE: Do not apply alcohol based cleaners to marker board surface

TERMS AND CONDITIONS

TERMS OF SALE
This price list accompanies the MiEN Company brochures and supersedes all previous price lists and terms. Prices shown are current manufacturer's suggested list price at the time of printing, and are subject to change without notice. To obtain additional information and most current pricing contact MiEN Company. Errors and omissions are subject to correction.

FREIGHT
Freight is additional for all orders and is calculated as 5% of the total List price of the order. For shipments to Alaska and Hawaii, delivery will be made to a prearranged departure port. Air freight, inside delivery, blanket wrapped, will calls and special delivery beyond dock-to-dock delivery, will be quoted and invoiced separately. MiEN Company's responsibility ceases when we turn the shipment over to the carrier, see 'Shipment Claims'.
Third-party freight billing is available.

Shipping minimums will be as follows: States within the contiguous United States will be charged a MINIMUM shipping fee of $250.00 per delivery, with the exception being orders small enough for UPS, Fed Ex, DHL and similar. Canadian customers, a MINIMUM fee of $500.00 will apply and will also have the same exceptions.

SHIPMENT CLAIMS
Damage claims must be filed with the carrier by the buyer. The legal responsibility of MiEN ceases when we turn over the shipment to a common carrier. The buyer has the sole obligation of seeking recourse against the carrier. Inspect shipment thoroughly prior to signing the bill of lading. Keep packaging materials for inspection by the carrier in the event of a damage claim.

TERMS OF PAYMENT
Terms of payment will be established based on the credit rating and credit information provided by and for specific customers. Orders are invoiced at time of shipment. Standard payment terms are 50/50 50% due at time of order, and 50% due net 30 days.

Past due account will be charged the lesser of 1.5% per month or the highest rate permitted by law plus collection costs, including reasonable attorney's fees and expenses.

SHIPPING
MiEN reserves the right to ship by what is, in our opinion, the best method. We are not responsible for delay, failure to deliver due to strikes lockouts, fires, floods, acts of God or other causes beyond our control.

RETURNS
Merchandise may not be returned without our prior written consent. If returned within 30 days and by agreement, a restocking and repackaging charge of 25% will be deducted from the credit note in addition to any expense for reconditioning that may be necessary. Return transportation must be prepaid, packed in the original cartoning.

TAXES
The customer shall pay all sales, use, excise and other taxes applicable to the sale. Resale and/or exemption certificates must be forwarded to MiEN at the time of order.

ORDER ACCEPTANCE
Orders are binding upon MiEN only upon acceptance by the executive office of MiEN Company. Orders accepted by MiEN shall be subjected to the terms and conditions set forth in its acknowledgment and invoice, not withstanding any variance in terms and conditions set forth in the buyer's order forms. Orders are subject to limit or withdrawal of credit at any time.

ORDER CHANGES AND CANCELLATIONS
Purchase orders may not be changed or canceled, in whole or in part, without prior written consent of MiEN. Changes may affect delivery dates. Expenses incurred because of changes will be charged to Customer. In the event of cancellations, customer will be liable for reasonable cancellation charges established by MiEN. Orders for custom finishes may not be canceled.

TITLE
Title to the product shall remain with MiEN until the product is fully paid for.

STORAGE
Orders will ship in accordance with our acknowledged shipping dates. If customer cannot accept delivery on this date, we reserve the right to arrange storage at the customer's risk and expense.

DETAILS
All separate component parts not manufactured by MiEN (power and data devices, etc.) shall be covered by the original manufacturer's warranty.

RESTRICTIONS
This warranty does not apply to: damage caused by a carrier, normal wear and tear, color fading from exposure to sunlight, defects caused by improper installation, products subjected to improper use and conditions or damage resulting from misuse, negligence, accidents or alternations.

PRODUCT USE
Except as stated above, MiEN makes no express or implied warranties as to any product and in particular makes no warranty of fitness for any particular product except for use as standard office furniture. Product repair or replacement is the customer's exclusive remedy for any and all product defects.

No person, agent or dealer is authorized to give any further warranties on behalf of MiEN Company unless such warranty is in writing and signed by an officer of MiEN Company Inc.
